

Summer activities in THE CLUB

Be Your Own Boss (BYOB) - explore and create your own business - learn what it takes to become a boss!

Brain Matters - learn about and assemble a solar project and do other cool STEM themed activities

Farmer's Market - sell items at our booth every Thursday

Game On! - play games at the Y gym

Go Green - get in the dirt- help plant and maintain the 6 raised garden beds

- service and leadership themed activities

Mind Yourself - take some time to wind down, explore and talk about wellness-themed topics

Nature Awaits - get some fresh air and try out some games and activities

Sell It! - create digital marketing pieces to promote the Teen Center

Stepping Out - enjoy the sights and sounds while walking around different paths and trails

Snack Shack - learn about managing and working in a business while forming those customer service skills

Strummers - learn to play (and build) guitars - no prior experience necessary

Teen Associate - Work-based learning program for teens 13-17; get experience and make some money this summer!

Teen Cuisine - explore different recipes and learn how to bake and cook different items. This group will help make items to sell at the Farmer's Market.

That's Debatable - learn to create factual, logical, ethical and emotional arguments to persuade others that their "side" is correct

Teen Talk - get together and talk about stuff that matters to you
